Summary

I am a pre final year computer engineering undergrad at the College of Engineering Pune. With a passion
for computer networks and security, I am dedicated to staying up-to-date with the latest industry trends and
developments. As a student, I have gained valuable experience through coursework, projects, and internships
which have helped me to develop a strong understanding of the fundamentals of computer networks, security, and
the ability to solve problems independently. I am also a proactive learner, with a keen interest in exploring new
technologies, and am constantly seeking new challenges to improve my skills. I am looking forward to starting my
career in the computer networks and security field and making a positive impact in the industry.
